Subject: Thoughts about Monday rollout

Some things to consider for the Monday rollout of the field testing announcement.

FOIA Exemption 5 (Deliberative Process)

Associated Press - EPA: Baseball fields near Bridgeton Landfill site are safe - 5/1/14 - The Environmental Protection Agency says there is no evidence of radiological contamination on the fields of a baseball complex near a suburban St. Louis Superfund site, despite private testing that raised enough concern to cause a youth tournament to relocate. <http://www.therepublic.com/view/story/2d2b3f3b70c141ecbb906bc26cc5db95/MO--Bridgeton-Landfill-Baseball>
